- ARE YOU UNSURE OF WHAT TO DO WITH YOUR FUTURE CAREER?
- WOULD YOU CONSIDER A CAREER IN THE TRADES?
- APPLICANTS IN POST SECONDARY SCHOOL, OR REGISTERED TO RETURN, WILL NOT BE CONSIDERED

## **INTERESTED ??**

If you are interested in applying, please email resume and cover letter to Becky Fuller at [becky.fuller@opg](mailto:becky.fuller@opg) by deadline of **March 25, 2011.**

## **PERHAPS ONTARIO POWER GENERATION'S JOB SHADOWING PROGRAM CAN HELP YOU?**

The Ottawa/St. Lawrence Plant Group is introducing a Job Shadowing Program that provides you the opportunity to see what our Skilled Trades do in their day-to-day work at our Generating Stations.

### **WHAT WOULD YOU DO?**

#### Week One:

Week one will be spent in orientation and safety training, including such things as WHMIS, Electrical Safety Awareness, Young Worker Safety, Safety Basics, Code of Conduct, Diversity & Harassment, among others.

In addition, you will learn about the educational requirements of our Skilled Trades Positions, should you wish to pursue a career at OPG.

#### Week Two & Three:

Weeks two and three will be spent observing OPG's Skilled Trades employees; one week of shadowing alongside a Mechanical Crew and one week with an Electrical Crew. This experience is aimed to let you see what our Skilled Trades really do; what kind of equipment they work on, maintain, inspect, and tour the inside of a generating station.

MECHANICALTECHNICIAN WORKS ON A TURBINE RUNNER REFURBISHMENT PROJECT.
